

Our Structure

Transport Portfolio

We are one of three state agencies comprising the Transport Portfolio. Together with the Department of Transport and Public Transport Authority, we work to enhance the coordination and delivery of transport services, reporting to the Minister for Transport. This diagram shows how we fit together under the guidance of the Director General who has overall responsibility for providing strategic direction and leadership across the portfolio.

Main Roads

This is the organisational structure for Main Roads. Further information about our Corporate Executive can be found in the Our Leaders and Governance sections.
